

The American Hernia Society and LifeCell™ are pleased to invite applications for the **2010 Hernia Resident/Fellow Research Grant**

Up to **\$25,000** will be awarded to the selected applicant for one year of research on incisional ventral or parastomal hernias in the following topic areas:

- Prevention of hernia formation
- Innovative techniques for hernia repair
- Factors affecting the incidence and recurrence of hernias
- Complications related to hernia repair

The application deadline for consideration is:
January 15th, 2010
