

Hernia Repair 2010

JW Marriott Orlando Grande Lakes
Orlando, FL • March 17-20

American Hernia Society • 866-798-5406
www.americanherniasociety.org

Message from the President

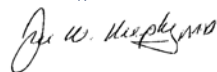

Dear Colleague:

As the Program Chairman for the American Hernia Society's annual educational meeting, Hernia Repair 2010, I am pleased to invite you to exhibit at this event. I am sure you will find the facilities at the JW Marriott Orlando Grande Lakes in Orlando, FL to be state of the art. Our outstanding faculty will present lectures on a diverse collection of pertinent topics focusing on the anatomy and physiology of abdominal wall abnormalities. Select oral, video and poster presentations will provide an insight into techniques, advances and the science of hernia repair. The meeting will be interesting and enlightening.

In addition to clinical lectures, the meeting agenda includes abstract presentations, a poster competition, social events, and networking opportunities.

We are pleased to announce that this is the Thirteenth Annual Meeting and Scientific program of the Society. We are anticipating attendance of approximately 500 surgeons from around the world. We hope you will join us.

Sincerely,

John W. Murphy, MD
Program Chair, Hernia Repair 2010

Upcoming Meetings

14th Annual Hernia Repair
March 14-21, 2011
The Palace Hotel
San Francisco, CA

5th International Hernia Congress
March 28-31, 2012
New York Marriott Marquis
New York, NY

Special Thanks

The American Hernia Society is grateful to the following partners in our Corporate Alliance:

Atrium Medical Corporation

Cook Surgical

Covidien

Davol, Inc

Ethicon, Inc

General Surgery News

LifeCell Corporation

W. L. Gore & Associates

These companies along with a number of other companies will have exhibits during our program. Continental breakfasts and the refreshments breaks will be served in the Exhibit Hall. We invite you to visit with our exhibitors.

Lunch & Learn Sessions

Lunch & Learn sessions are open to all meeting registrants. The sessions are hosted by industry with speakers and topics selected by the host company. Lunch and a short educational presentation are provided in each session. The Lunch & Learns are not covered for CME credit by the American Hernia Society.

Abstract Submissions

All physicians and residents are invited to submit abstracts for consideration at the Hernia Repair 2011 meeting. Abstract categories include oral presentations, poster and video presentations on topics related to hernia surgery.

The abstracts are blinded and judged by a panel of physicians. Selected papers are presented during the four-day clinical program. Posters and videos are on display during the meeting and judged on-site.

Official abstract submissions are done through the American Hernia Society web site, www.americanherniasociety.org. All submission criteria are listed on the web site.

Three prizes are awarded for abstracts: the Bassini Prize for best abstract; the Fruchaud Prize for best poster; and the American Hernia Society Resident/Fellow Award for best Resident/Fellow presentation.

Course Description

Hernia repair 2010 will emphasize state-of-the art management of abdominal hernias based on current clinical experience, clinical evidence and ongoing clinical and basic science research. Renowned clinical experts and researchers in private and university practices from the Americas and Europe will present technique, evidence and controversies followed by a forum of open discussion of various approaches to management of common, unique and complex hernias. Teaching methods for laparoscopic and open approaches will be presented. Newer techniques and ongoing research will be highlighted during free paper, poster and video sessions. History, socioeconomics, politics, medicolegal issues and the future of hernia repair will be discussed.

Course Objectives

At the conclusion of this program, participants should be able to:

- The participants should be better able to understand the current common techniques for inguinal hernia repair including key steps for avoiding recurrences and complications.
- The participants should have a better understanding of the open and laparoscopic techniques for repair of ventral and incisional hernias.
- The participants should be able to better understand teaching methods and learning curves for laparoscopic inguinal hernia repair.
- The participants should be able to better understand the etiology and prevention of post herniorrhaphy pain.
- The participant should be better able to understand the etiology evaluation and treatment for sportman's hernia

Accreditation Statement

The Medical Educator Consortium, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Hours

The Medical Educator Consortium, designates this educational activity for a maximum of 24 *AMA PRA Category 1 Credit(s)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

“This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of The Medical Educator Consortium and the American Hernia Society. The The Medical Educator Consortium is accredited by the ACCME to provide continuing medical education for physicians.”

Faculty Disclosure Statement

The Medical Educator Consortium (MEC) adheres to the ACCME Standards for Commercial Support. All persons that will be in a position to control the content of the CME Activity are required to disclose all relevant financial Relationships. Faculty disclosure forms outlining this information will be made available to all participants prior to educational Activity. MEC has also implemented a mechanism to identify and resolve all conflicts of interest prior to the education activity being delivered to learners. The source of all support from commercial interests will also be disclosed to learners prior to the beginning of the educational activity..

Jointly Sponsored

The Medical Educator Consortium

Hotel Reservations

Special rates for attendees have been secured by the American Hernia Society at the JW Marriott Orlando Grande Lakes, Orlando, Florida. You must mention the American Hernia Society when making reservations. Act quickly in securing your accommodations.

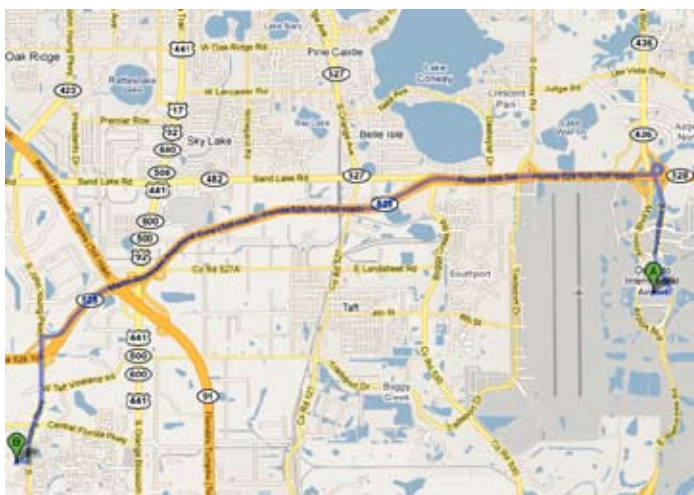

The cut-off date for our block of room is February 15, 2010. Guests rooms are \$239 per night plus applicable taxes; this rate will be honored for two days before and after the conference dates upon availability.

JW Marriott Orlando Grande Lakes • Orlando, FL
800-576-5750 • www.grandelakes.com

Driving Directions

Directions to JW Marriott Orlando Grande Lakes from Orlando International Airport (approx. 20 minutes)

1. Head east on Airport Blvd 1.3 mi
2. Continue onto S Semoran Blvd 0.3 mi
3. Take the ramp onto FL-528 W (Partial toll road) 7.5 mi
4. Take exit 3 for John Young Pkwy 0.3 mi
5. Turn left at S John Young Pkwy 0.2 mi
6. Slight right to stay on S John Young Pkwy 1.2 mi
7. Take the 3rd right 0.2 mi
8. End at 4040 Central Florida Pkwy Orlando, FL 32837

Experience Orlando's Local Attractions

Theme Parks

Busch Entertainment Parks

- SeaWorld Orlando (2 miles west)
- Discovery Cove (2 miles west)
- Aquatica, SeaWorld's Water Park (2 miles west)
- Busch Gardens (75 miles west)

Universal Orlando (7 miles north)

- Universal Studios
- Islands of Adventure
- City Walk, a nighttime entertainment complex
- Wet 'n Wild water park

Walt Disney World Resort (10 miles south)

- Magic Kingdom
- Epcot
- Disney's Hollywood Studios
- Disney's Animal Kingdom Park
- Downtown Disney
- Blizzard Beach water park
- Typhoon Lagoon water park

Kennedy Space Center (60 miles east)-

Shopping

The Florida Mall featuring Saks Fifth Avenue and Nordstrom's (5 miles northeast)

The Mall at Millenia featuring Neiman Marcus, Bloomingdale's and Macy's (7 miles north)

Orlando Premium Outlets - Featuring 110 designer and brand name outlets including Burberry, Giorgio Armani, Salvatore Ferragamo, Theory, Tods, Versace, Zegna and more. (7 miles from hotel).

Arts, Museums and Cultural Activities

- Orlando Museum of Art (14 miles north)
- Bob Carr Performing Arts Centre (12 miles north)

Golf

Experience a challenging and beautiful Orlando golf course with unprecedented personal attention. Be our guest at The Ritz-Carlton Golf Club® Orlando, Grande Lakes and experience the thrill of an 18-hole, par-72 Greg Norman Signature Golf Course, set in a natural world of wonder and seclusion. Set within the pristine Headwaters of the Florida Everglades and surrounded by magnificent pines, palmettos, and live oaks, this distinguished Orlando golf resort offers a luxury experience unlike any other in the area. Call 407-393-4900 to book your tee time.

Spa

Feel the revitalizing powers of citrus-infused beauty treatments turn back the hands of time. Surround yourself with fragrant gardens and the serene sounds of nature. Let the day pass gently by. The Ritz-Carlton Spa® Orlando, Grande Lakes, offers a rejuvenating retreat from the stress of the outside world.

Does Timing of Operative Care during Fellowship Training Impact Patient Care?
- 11:00 AM Sean B. Orenstein, M.D.
Comparative Analysis of Histopathologic Effects of Synthetic Meshes Based on Material, Weight, and Pore Size in Mice
- 11:10 AM Karl LeBlanc, M.D., M.B.A.
Do's and Don'ts for Laparoscopic Ventral Hernia Repairs

- 11:20 AM Kristi L Harold, M.D.
Early Results of a Prospective Randomized Study Using Acellular Human Dermal Matrix (Alloderm) to Prevent Parastomal Herniation
- 12:00 PM Lunch & Learn (non CME)
- Session 11A
- Moderators: Maurice Arregui, M.D & Marc Miserez, M.D.
- 1:10 PM Terri R Martin, M.D.
Antibacterial Mesh: A Novel Technique Involving Naturally Occurring Cellular Proteins
- 1:20 PM Jennifer A Faleris, B.S. (non CME)
Tutoplast® Bovine Pericardium and Human Dermis: An in Vivo Comparison
- 1:30 PM Leif Israelsson, M.D.
Sweden
Parastomal Hernia Prevention
- 1:40 PM Sean B. Orenstein, M.D.
Histopathologic Response to Implanted Biologic Meshes in Mice
- 1:50 PM Amit Parikh, D.O.
Prospective, Randomized Clinical Trial Evaluating the True Incidence of Seroma Formation after Laparoscopic Ventral Hernia Repair and the Impact of...
- 2:00 PM Neal Agee, M.D.
Helical Mesh Fixation: Evaluation of a Novel Permanent and Absorbable Construct Design
- 2:10 PM William W. Hope, M.D.
Abdominal Wall Closure: Resident Education and Human Error
- 2:20 PM Lora M. Melman, M.D.
Biomechanical Evaluation of a Novel Macroporous PTFE Knit Mesh Compared to Lightweight and Heavyweight Polypropylene Meshes in a Porcine Model of...
- 2:30 PM Dennis F. Diaz, M.D.
Ventral Hernia Repair with Components Separation Technique: Risk Factors for Complications and Recurrences
- 2:40 PM Break, Posters and Exhibits
- Session 11B
- Moderators: Johannes Jeekel, M.D. & Reinhard Bittner, M.D.
- 1:10 PM Yuri W Novitsky, M.D.
Comparative Analysis of Immunogenic Potential of Human and Porcine Biologic Meshes
- 1:20 PM Heidi Fitzgerald, M.D.
Peri-operative Safety of Laparoscopic Transabdominal Preperitoneal (TAPP) Hernia Repair: A Multicenter Experience
- 1:30 PM Michael B. Brewer, M.D.
Use of Human Acellular Dermal Matrix for Ventral Hernia Repair Reduces Morbidity In Transplant Patients
- 1:40 PM Ala Shiyab, M.D.
Does Reinforcement of Hiatal Hernia Repairs with Surgisis Mesh Reduce Recurrences?

- 1:50 PM Marc Miserez, M.D.
Overview of RCT/Meta analysis of Laparoscopic Incisional Hernia Repair
- 2:00 PM Eduardo Y. Tanaka, Ph.D.
Predictors Analysis for Visceral Ressection Surgery in the Treatment of Patients with Large Incisional Hernia with Loss of Domain Undergoing
- 2:10 PM A. Gerson Greenburg, M.D. (non CME)
Adoption and Adaptation of SurgiMend Without Clinically Significant Adhesions in Repair of Large Ventral Hernias
- 2:20 PM Corey R. Deeken, Ph.D.
Physicomechanical Evaluation of "Lightweight" Polypropylene, Polyester and Polytetrafluoroethylene Meshes for Inguinal Hernia Repair
- 2:30 PM Leif Israelsson, M.D.
Incisional Hernia Prevention 4:1 Suture to Wound Length Ratio
- 2:40 PM Johannes Jeekel, M.D.
Results of Ventral Hernia Repair: Laparoscopic vs Open
- 2:50 PM Break, Posters & Exhibits
- Session 12A
- Moderators: Brent Matthews, M.D. & Bruce Ramshaw, M.D.
- 3:00 PM Leandro T. Cavazzola, M.D. (non CME)
Evaluation of Intraperitoneal Adhesions Associated with the use of Parietex Composite® or Marlex® Mesh in Ventral Hernia Repair – Experimental Study
- 3:10 PM Brian Jacob, M.D. & Kevin Aroyo, M.D.
Single Incision Laparoscopic Surgery (SILS): Early Results Following Total Extraperitoneal (TEP) Inguinal Hernia Repair
- 3:20 PM Noam Belkind, M.D.
Hernia Repair Utilizing a Composite Mesh with Integrated Absorbable Fixation Hooks: A 1.5 Year Single Center Experience
- 3:30 PM Noam Belkind, M.D.
A Novel Mesh Introduction Technique for Laparoscopic Inguinal Hernia Repair
- 3:40 PM Morris E. Franklin, Jr., M.D.
Simplified Technique for the Repair of Complicated Ventral Hernias: The Texas Endosurgery Institute Experience
- 3:50 PM Angel Martinez-Munive, M.D.
Toward a Painless Laparoscopic Ventral Hernia Repair: Closing the Hernia Defect
- 4:00 PM George DeNoto, M.D.
Use of Bone Anchors for Repair of Difficult Flank and Suprapubic Ventral and Incisional Hernias
- 4:10 PM Fuad Alkhoury, M.D. (non CME)
Use of Porcine Acellular Dermal Matrix (Strattice™) in Complex and Contaminated Abdominal Wall Reconstructions
- 4:20 PM Questions & Answers
- 4:30 PM Adjourn

Session 12B

- Moderators: Yuri Novitsky, M.D. & Giampiero Campanelli, M.D.
- 3:00 PM Ean R. Saberski
Anisotropic Evaluation of Synthetic Surgical Meshes
- 3:10 PM Yoshiyuki Sawada, M.D.
Comparison of Non-absorbable Heavy Weight Meshes and Partially Absorbable Light Weight Meshes in Hernia Repair with a Porcine Model
- 3:20 PM Marc Miserez, M.D.
The Learning Curve of Laparoscopic Inguinal Hernia Repair
- 3:40 PM Fernando Ruiz Jasbon, M.D.
Preliminary Results from a Safety and Performance Study of a New Dual-Component Resorbable Surgical Mesh in Inguinal Hernia Repair
- 3:50 PM Adriano M Pflug, M.D.
Analysis of the Effects of Progressive Preoperative Pneumoperitoneum on the Abdominal Cavity and Hernia Sac Assessed by CT Scan in Large Incisional...
- 4:00 PM Tim O.M. Tollens, M.D.
Use of Large Pore Partially Absorbable Mesh in Obese Patients
- 4:10 PM Giorgi Giorgobiani, M.D.
Phages in the Treatment for Infected Mesh
- 4:20 PM F. Andrew Morfesis, M.D. & Brian Rose
Use of Light, Partially Absorbable Mesh in Open Inguinal Hernia Repair Reduces Post-Operative Pain and Complications: Preliminary Data with Cousin 4D
- 4:30 PM Questions & Answers
- 4:40 PM Adjourn
- 7:00 PM THE GREAT DEBATE (non CME)
- Moderators: Arthur Gilbert, M.D.; Guy Voeller, M.D.; Maurice Arregui, M.D.; B. Todd Heniford, M.D.; John W. Murphy, M.D. & Enrico Nicolo, M.D.

Inguinal Hernia Repair-Open/Laparoscopic-Type of Mesh

Treatment of the Complex Abdomen

SATURDAY, March 20, 2010

- 7:00 AM Continental Breakfast & Exhibits
- Session 13A: Topics of Interest
- Moderators: Jerrold Young, M.D. & John W. Murphy, M.D.
- 8:00 AM Live Surgery - 4 Cases
- 10:30 AM Marc Miserez, M.D.
Presentation of EHS Guidelines for Inguinal Hernia Repair
- 11:30 AM Awards & Closing Remarks
- 12:00 PM Adjourn

SUNDAY: FREE

Registration

Hernia Repair 2010 • March 17-20, 2010
JW Marriott Grande Lakes • Orlando, FL

Name _____

Degree(s) (M.D., etc.) _____

Address _____

City _____

State _____ ZIP _____ Nation _____

Telephone _____

Fax _____

E-mail _____

REGISTRATION FEES

- | | |
|--|-------|
| <input type="checkbox"/> AHS or EHS Member | \$499 |
| <input type="checkbox"/> Non-Member | \$699 |
| <input type="checkbox"/> Resident/ Military/PA/Nurse | \$249 |
| <input type="checkbox"/> Spouse/ Guest | \$40 |

Name _____

METHOD OF PAYMENT

- Check or Money Order (*payable in U.S. dollars to*
American Hernia Society
P.O. Box 4834, Englewood, CO 80155 U.S.A.

- Discover Visa MasterCard

WE DO NOT ACCEPT AMERICAN EXPRESS

Card # _____

Expiration Date _____

Name on Card _____

Billing Address _____

American Hernia Society members' registrations cancelled by March 1, 2010 will be fully refunded. Non-members' registrations cancelled by March 1 will be refunded minus a \$25 handling fee. ANY CANCELLATION AFTER March 1 ARE **NON-REFUNDABLE**

AHS • phone 866-798-5406 • fax 303-771-2550
